

Engaged Citizens Pillar (ECP)

Implementation report produced for key service delivery sectors for 2017 budget by citizens' groups

Citizens' groups (Including women's' groups and village heads) input to 2019 State budget submitted to relevant MDAs and SHoA.

Intervention Area: KN CT 6 - Partnership development

4th Quarter progress marker: Citizens' groups (Including women's' groups and village heads) input to 2019 State budget submitted to relevant MDAs and SHoA.

INTRODUCTION

PERL-EC facilitated the generation of citizens' demand to the yearly budgetary process to the state and the 2019 is non exceptional, as Community based organization, community leaders, women group representative and larger communities members were consulted from over 205 communities, and their opinion was collected on the likely intervention or projects they like to see in their communities.

The exercise reached all the 44 LGAs based on urban, semi-Urban and hard reach segregation. Women groups, Village heads, community leaders, professional and trade unions were consulted and gender specific demands were also collated, analyzed and shared with relevant stakeholders at MDAs and the legislature.

OBJECTIVES

To facilitate a process where Citizens' groups could actively participate in formulating policies that fits them through constructive engagements.

METHODOLOGY AND PROCESS

The State level CS through the auspices of Kano Budget Working Group mentored identified community based organizations from the 44 LGAs and other professional organizations such as ,AFAN,AMATA on how to generate those inputs from the citizens including and not limited to Women Groups, traditional leaders, community gate keepers, self-help associations, Youth groups and other stakeholders that play role in such communities' etc. The input generated were later analyzed and submitted to relevant MDAs, SHoA, media and relevant stakeholders for further capturing and presentation in the upcoming 2019 Budget.

FINDINGS

The citizens input had received the policy makers needed attention, as MDAs now refer to such analyzed document while preparing for the upcoming fiscal year budget processes, in fact the state Government commit the tune of N4.8 Billion (N100million) to each political ward in the state, for communities to initiate projects, and this come to bear as a result of demand generated from the communities by citizens' groups.

FORWARD LOOKING/NEXT STEP

To ensure demands captured in the 2019 budget were analyzed and track for implementation towards improved service delivery.
